

Golf Caddie Course

Overview

This is a requirement for anyone who serves as a Caddie at a golf competition.

The online training is divided into 5 modules with the goal of teaching participants the key points on how to be a Golf Caddie for Special Olympics Athletes. Successful completion of the course will be achieved through completing each activity, in each module, and successfully completing the quizzes associated with each module.

Each module contains a video and supplemental information that is designed to assist with a key aspect of golf, caddying, or working with athletes.

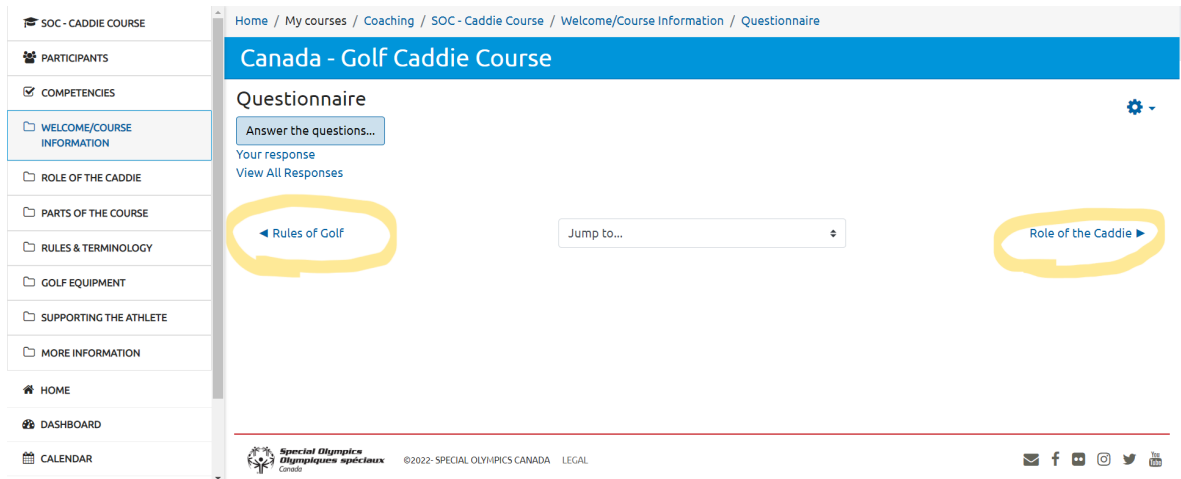

This course contains a PDF of Rules of Golf and it is recommended that participants download a copy of this resource to assist them throughout the course - there will be quiz questions that will require participants to reference the Rules of Golf.

The modules DO NOT have to be completed in one sitting, so you do not need to complete it all in one sitting if you'd like to review and process the information.

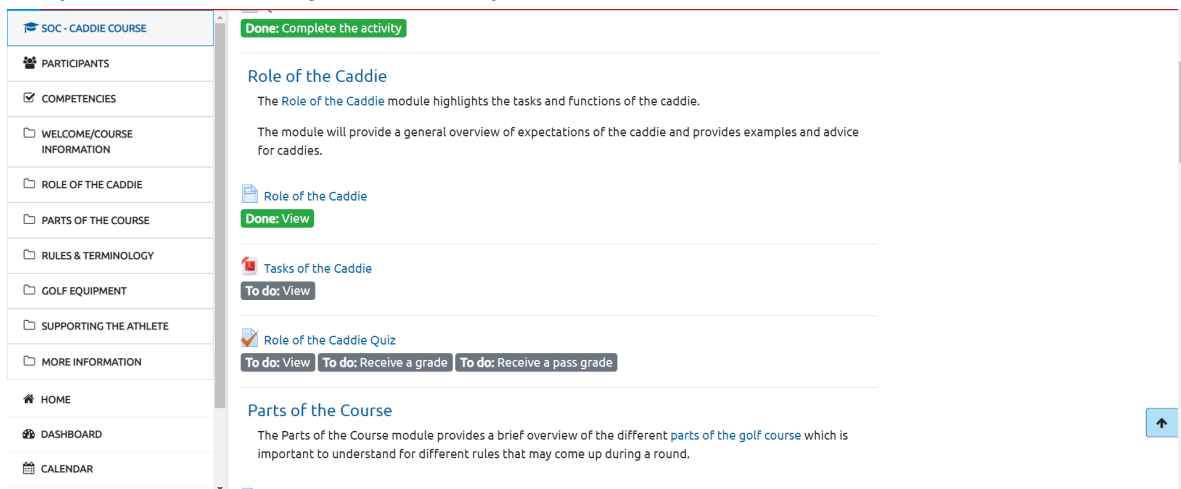

*For Tablet/iPad users it is recommended that you view this course horizontally.
